

LIST OF EQUIPMENT FOR UKRAINE

№	Name	Quantity
1	Welding generator, with a diesel engine on a trailer model MOSA TS 500 PS	10 pcs
2	Equipment for gas cutting of metals (propane-butane): gas tanks not less than 40 l, burner, 2 hoses with a length of min. 30 m, 2 regulators, 2 check valves	30 sets
3	Motor pump for contaminated water, capacity from 2000l / min, power 11KM, nozzle diameter 100mm, permissible particle size 27mm, weight up to 100kg, with a suction (8m) and pressure (12m) hose.	4 pcs
4	24V transformer for safe lighting. 220 / 24V; 500W	20 pcs
5	Angle grinder. Electric power - from 3100W, disk diameter - 230 mm	20 pcs
6	Hammer drill in a set with a set of drills and chisels. Electric power - 1400 W - 1700 W	20 pcs
7	Chainsaw. Power - not less than 2 hp	20 pcs
8	Portable air handling unit with flexible air duct, Electric power - from 180 W / fan capacity 450 - 1200 m ³ / h; a drain hose of at least 10 m	11 pcs
9	Diesel generator for indoor use, min 6 kW, with a backup battery min 200 A and inverter 220 V 50 Hz. The set should have a soundproof construction.	15 pcs
10	Welder for PE pipes (Ø90mm - Ø315mm, automatic) + power generator	12 pcs
11	Welder for PE pipes (Ø315mm - Ø630mm, automatic machine) + power generator	8pcs
12	A three-phase gasoline generator as a standalone generator for manual arc welding, as well as a self-contained generator. Generator nominal power: 5 kW (3 phases) and 3 kW (1 phase). Current range from 40 A to 220 A. The generator can be equipped with a voltage stabilization system (AVR).	15 pcs
13	Mobile power generator, rated power 5-5.5 kW, voltage 220 V	20 pcs
14	Mobile power generator, rated power 11 - 12 kW, voltage 380 V	3 pcs
15	Mobile pump for dirty water (on a chassis powered by a diesel engine), capacity 100 m ³ / h, nozzle diameter 200 mm, engine power - 40 kW (UF-100/20 or analog)	10 pcs
16	Mobile pump for dirty water (on a chassis powered by a diesel engine) capacity 300 - 350 m ³ / h, nozzle diameter 100 mm, engine power - 12 kW (UF-100/20 or analog)	2 pcs
17	Electricity generator (diesel) with a capacity of 30 kW	3 pcs
18	Electricity generator (diesel) with a capacity of 100 kW	1 pcs
19	Compressor (with a set of pneumatic hammers)	10 pcs
20	Electrofusion welding machine (Ø50mm - Ø600mm, automatic)	3 pcs
